Bolted Hardware: 1 year
Windows: 10 years against seal defects
1 year for thermal break

Regal

Door: 15 years (limited)
Weatherstripping: 1 year
Bolted Hardware: 1 year

CONSTRUCTIONS

VANTAGE

Triple-layer: steel + insulation + steel

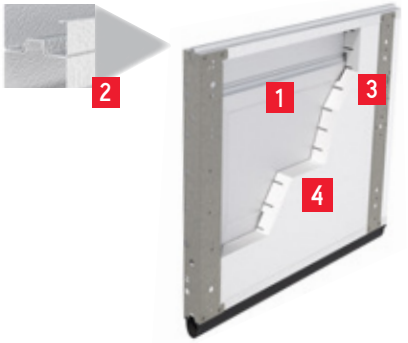
1. **26-gauge** pre-painted galvanized steel for high durability
2. **2" tongue and groove** meeting rail to provide a weather-tight seal between sections, and rails are hemmed the entire length of the section for added strength and safety
3. **Polystyrene insulation** pressure bonded between two layers of steel for energy efficiency
4. **20-gauge white baked-on paint finish end stiles** for a nice clean look
5. **Full length reinforcing plates** to solidly attach hinges and struts

WIND LOAD Option — The Garaga Wind Load Option is only available for specific regions. Talk to your local garage door dealer for more information.

IMPORTANT - Exterior face: light woodgrain finish. Interior face: stucco finish. Door interior: regardless of the color chosen, the inside is always White (door, window frames and inserts).

REGAL N24 & REGAL N25

Single-layer: steel OR Double-layer: steel + insulation



WIND LOAD Option

The Garaga Wind Load Option is only available for specific regions. Talk to your local garage door dealer for more information.

1. **2 options of outside layer:** heavy duty steel or steel for high durability
2. **2" tongue and groove** meeting rail to provide a weather-tight seal between sections, and rails are hemmed the entire length of the section for added strength and safety
3. **20-gauge galvanized end and center stiles** to increase strength and durability
4. **Polystyrene vinyl-backed insulation** available as an option
